

Welcome to Killigrew Nursery

Here are some photos of some areas of the Nursery. Please talk to your child about what they like to play with.

The Creative Area contains resources for drawing, painting, collage and junk modelling.

The Reading Corner has lots of stories, comfy chairs, cushions and soft toys.

The Small World area has animals, dinosaurs and imaginative play equipment.

The Maths area contains lots of toys for counting and sorting, as well as games.

The Construction area has lots of toys to build with.

The garden has a grass area with balance beams, a mud kitchen and a minibeast hotel. There are also plenty of wheeled toys, sand and water areas and large construction.
